

MANY TO ATTEND STATE S. S. MEET

ANNUAL CONVENTION IN KANSAS
CITY NOVEMBER 18-21

WANT NODAWAY TO LEAD

G. B. Roseberry, President County Association, Striving for Pennant;
Last Meeting Here Nov. 1917

Several hundred people from Nodaway county are preparing to attend the Missouri state Sunday school convention to be held in Kansas City Nov. 18 to 21. G. B. Roseberry, president of the Nodaway county association, hopes to have this county lead all other counties in the standard of excellence set by the state. The Nodaway workers have had a year of wonderful success in all lines of progress and the officers are very proud of their record, even if Nodaway should not win the pennant.

The last state convention held in November, 1917, at Maryville, was attended by 1,571 delegates and was one of the biggest events ever held here. No convention was held last year on account of the war. W. H. Danforth of St. Louis, state president, spent a great part of last year doing war work in France and the convention delegates are expecting to hear some interesting details of this experience.

The main headquarters of the convention will be in the Independence Boulevard Christian church.

"The Community" will be the general theme. The relationship of the Sunday school to social problems and moral reform will be emphasized. Some of the chief addresses will be: "The Sunday School and the Social Gospel," "A New Social Emphasis," "The Church and Her Young People," "Brotherhood," "The Place of Religion in Education," "The Task of the Sunday School in the Programs of Americanization," "The Sunday School and Missions," etc.

The speakers will include some of the world's greatest Sunday school leaders: Marion Lawrence and J. Shreve Durham, Chicago; Miss Nancy Lee Frayser, Louisville, Ky.; J. R. Marcum, Huntington, W. Va.; J. H. Engle and R. N. McEntire of Kansas; M. A. Honline, Dayton, O.; H. Augustine Smith, Boston; besides nearly one hundred of the best known workers of Missouri.

Twenty-seven separate conference sessions will study in detail the problems of every phase of Sunday school work. A number of banquets will be given. A great musical pageant, "The City Beautiful," will be put on under the direction of its author.

DOUBLE CHARGE AG INST ROBERT BAILEY OF ELMO

Wanted in Gentry County on Charge
of Auto Stealing; Jailed on
Similar Charge Here

Sheriff C. C. Fee of Gentry county came to Maryville this morning for Robert Bailey who was taken to Albany, where he is wanted on a charge of stealing the automobile of J. F. Patton of that county. Young Bailey has been in the county jail here since his arrest of a few weeks ago at Elmo, the charge against him in this county being stealing the automobile of W. I. Gray of Ravenwood. Bailey was taken from time to time and released for November 15.

GAYNOR RURAL S. S. STATE APPROVED

CLASSIFICATION SENT BY SUPER-
INTENDENT S. A. BAKER

ON SUBSCRIPTION PLAN

Progressive Residents Support Own
School; Miss Lela Cox, A. B.,
Employed as Teacher

The subscription high school opened last September at Gaynor City in Independence township, has been approved by State Superintendent of schools, S. A. Baker, in the following letter received yesterday by W. E. Sparks, president of the school board:

Board of Education,
Gaynor, Mo.

"I have the report of the high school inspector of Gaynor High School. I am pleased to classify your school as a school of the third class. The inspector reports Miss Cox is doing splendid work in your high school. A fine spirit prevails. I would advise that your school be organized and the public school system at the earliest date possible, so that the district would receive the school funds to which the high school is entitled."

This recommendation is very gratifying to the people of the district through whose efforts and money the high school was started. A first and second year course is given and each pupil pays his or her pro rata of expense and equipment. For the present the school is quartered in the W. O. W. hall which has been furnished with single desks, black boards, book cases, laboratory and scientific apparatus. The teacher is Miss Lela Cox who holds an A. B. degree from the Missouri State university. The study is a two year credit course. A number of the residents of Independence township has considered this high school plan for some time and in the failure to get a consolidated high school, tried the subscription plan with decided success. There are fourteen pupils enrolled. The school board is composed of W. E. Sparks, president; Grant Munn, secretary and treasurer; Austin King and Frank Barton.

Adjudged Unsound Mind.

Frank Turpin, living near Clearmont was adjudged to be a person of unsound mind and was taken to a private sanitarium in St. Joseph last evening by Sheriff Dowden. Roy Hanna of Clearmont was appointed his guardian by Judge Robertson in probate court yesterday.

INDEPENDENCE TOWNSHIP WANTS ROAD CHANGED

Good Roads Boosters Would Bring
Saints Highway Back to
Old Ridge Road

A party of good roads boosters from Independence township were in Maryville yesterday to see the highway department of the county court regarding the merits of making the ridge road through that township the official route of the Saints Highway.

This road was formerly a part of the auto highway and a few years ago the trail was divided and the principal thoroughfare placed to the east of the ridge road. Gaynor township wants to come back to its own on the road deal. The men in the party were Sanford McCorkle, also a member of the township board, Thomas Logan, W. E. Sparks, Roy Night, Pearl Johnson, J. S. Dickerson, Grant Munn, William Kilhon, J. Lloyd Reddick and George L. Hopburn.

REFUSES TO HALT LEGAL PROCEEDINGS

GOVERNMENT WILL CONTINUE AC-
TION WHILE STRIKE LASTS

WILLING TO ARBITRATE?

End of Big Coal Strike Will Come
Soon Is Strong Feeling
Today

Washington, Nov. 5.—The government will not halt the legal proceedings against the leaders of the coal strike. Legal action will continue while the strike lasts, Judge Ames of the Department of Justice, so declared this afternoon. Statements from Gompers and Lewis that the strikers would arbitrate if the injunction proceedings was vacated.

Trinidad, Colo., Nov. 5.—There is a tense feeling among the miners at Walsenburg today over the dispatching of national guardsmen to guard the mine there, following the issuance by the Colorado Fuel and Iron Company, giving three days evacuation notices to hundreds of striking miners living in the company's houses in the southern fields.

Indianapolis, Nov. 5.—The refusal of the government today to halt legal proceedings against the leaders of the coal strike, leaves the miners officials unshaken in their determination to stand pat. It was apparent they would be willing to negotiate if the government would withdraw the restraining order.

C. E. WELLS APPOINTED TO LIBRARY BOOK COMMITTEE

City Council Holds Monthly Business
Meeting Last Night; Routine
Transactions Only

At the regular monthly business meeting of the city council held last night, C. E. Wells, librarian at the State Teachers College, was chosen a member of the book committee of the library board to take the place of Prof. S. E. Davis, who has recently moved to Dillon, Mont. The other members of the board are J. M. McDonald and Prof. C. A. Hawkins.

The allowance of city bills and hearing of reports occupied the rest of the session, with no new business to be considered.

ROY MARTIN SHOT IN GUN BATTLE

FORMER MARYVILLE MEN IN FRAY
AT CASPER, WYOMING

WYOMING SHERIFF SLAIN

Hugh Armstrong, Roy Martin, Lawson
Hollowell Implicated in Murder
and Bootlegging Charge

The following dispatch is from last evening's Omaha World-Herald:

Casper, Wyo., Nov. 4.—Charles Moore, formerly of Omaha, Hugh Armstrong, Roy E. Martin and Lawson Hollowell, alleged bootleggers, are in the county jail here under strong guard, charged with the murder of Deputy Sheriff Tom Majors and the probable fatal wounding of Jailer George Mackenzie during a gun battle Sunday morning when Sheriff Pat Royce and a posse raided a cache of whisky in East Casper.

Martin was shot three times through the body and may die. The prisoners are under heavy guard because of free threats of lynching.

The contraband whisky, worth at prevailing bootleg quotations, \$25,000, was cached in a garage.

Sheriff Royce received a tip that it was to be moved before daylight Sunday morning and with a posse undertook to catch the bootleggers in the act.

The posse surrounded the garage and Majors started to enter the place at the moment an automobile containing Armstrong and Martin and loaded with whisky rolled out of the building.

Open Fire on Officers.

At the officers' command to halt, the bootleggers opened fire. A bullet struck Majors in the mouth and emerged from the back of his head, tearing away a portion of the skull. Mackenzie went down with the charge from a shotgun in his shoulder and lung.

Three bullets fired by Special Deputy Roberts struck Martin in the breast within a radius of two inches, one tearing away his right thumb before entering his body.

Altogether a score of shots were fired before the bootleggers escaped in the darkness.

Martin staggered to the state hospital, where he later was arrested. Armstrong and Hollowell fled to their room and there were taken into custody. Moore was arrested downtown. It is not established that he took part in the battle. He is known to have been interested in cached whisky, having been arrested a few weeks ago on a charge of having stolen it from another bootlegger.

Will Hurry Prosecution.

As the theft of contraband whisky under the Wyoming law is not legally recognized as theft he was not prosecuted. To calm public sentiment the county commissioner at once retained able counsel to prosecute the prisoners and requested Judge Ralph Kimball, judge of this district, to come at once from Lander and preside at the trial, which is expected to begin within a few days.

Mrs. Elmer Woods, living in the Martin Flats on East Third street, is a sister of Roy Martin. Martin has lived in Maryville for a number of years and was head of the Standard Plumbing Company. He has a wife and several children. The family went to Casper last spring to live.

William Armstrong received a message last evening from his son, Hugh Armstrong, at Casper, Wyo., stating he was in trouble over a shooting scrape. Mr. Armstrong will leave for Casper in the morning.

Lawson Hollowell mentioned in the above dispatch from Casper is also a Maryville boy.

The news contained in the above dispatch is a great surprise to Maryville people.

PEACE TREATY PROPOSAL NOT LATER THAN NOV. 15

Prediction Made by Senator Watson

COUNTY COURT HEARS NUMEROUS ROAD PETITIONS

Would Change Public Roads of Hughes
and Polk Twp.; Returned Sol-
dier Assessments Investigated

The county court in session yesterday ordered the vacation of a public road in Hughes township as petitioned by a number of farmers in that community. The road runs from the Barnes school house in that township to one mile west.

A petition for the vacation of a public road in Polk township, being thirty-six rods long and near the Swalley and J. W. Lamport's farms, was presented to the court and will come up for hearing at the next regular term.

A petition for the vacation of several streets in Arkoe was presented and will come up at the next term.

The assessment of the Skidmore garage was reduced \$1,000.

The assessment of the Leuck's garage at Skidmore was made \$4,000.

The court made an order that where some of the soldiers who were in the service on June 1, 1918, have been erroneously assessed, the collectors are ordered to return erroneous any and all taxes so erroneously charged.

R. C. CALLS FOR MORE VOLUNTEERS

CITY BANKS READY AND ANXIOUS
FOR SUBSCRIPTIONS

CITY SOLICITORS OUT

Campaign For Membership Starts Off
Today; Fred P. Robinson, City
Chairman, Needs Helpers

The Red Cross membership drive started off today with a fine enthusiasm and a bunch of solicitors out at work. But there are two serious handicaps to putting it over just right.

F. P. Robinson, chairman of the city membership drive, lacks about a dozen assistants in the house-to-house solicitations, and the four city banks would like to collect a lot of volunteer memberships. Fred Wolfers, A. K. Frank, J. D. Richey and Burt Rowley have been officially named to take in the subscriptions at the First National, Farmers Trust, Nodaway Valley and Real Estate Banks, and so far none of these men have been overworked to take care of the volunteers.

In as large an undertaking as enrolling every resident of Nodaway county a member of the Red Cross, volunteer subscriptions would be highly appreciated and aid the solicitors, who are doing their best to put the campaign through with success.

At least twelve more workers are needed by F. P. Robinson, city chairman. The town has been districted, with a worker in each district. No district heads have been appointed. Mr. Robinson appointing a worker for each district, thereby making the solicitation easier on those assisting. The workers so far appointed are Mrs. O. C. Hanna, Miss Dorothy Pierce, Mrs. H. C. Todd, Mrs. E. F. Hamlin, Mrs. D. J. Thomas, Miss Martha Koci, Miss Mary Holt, Miss Ora Barmann, Miss Helen Dean, Mrs. Lee Crossan, Miss Orrel Helwig, Mrs. M. A. Peery, Miss Helen Todd, Miss Mary Woodridge, Mrs. Ben Chandler, Miss Jessie Pacher, Mrs. Tom Wadley and Mrs. Joe Jackson, Jr.

Missouri so far has led the southwest division in percentage of memberships and is third in the whole United States in this respect. The southwest division is composed of Kansas, Oklahoma, Texas, Arkansas and Missouri.

Mr. and Mrs. Clarence Cook returned last night from a four week's motor trip to Joplin, Carthage, Webb City and other places in that part of the state. At the latter place they visited Mrs. Cook's sister, Mrs. Charles Awalt, and family.

KENTUCKY ELECTS G. O. P. GOVERNOR

NEW JERSEY AND MARYLAND
DOUBTFUL; DEMOCRATS LEAD

COOLIDGE RE-ELECTED

In Massachusetts by Over 100,000
Plurality; the Results From
Other State Elections

Massachusetts and Kentucky went Republican in the election held yesterday.

In New Jersey, Newton A. K. Bagbee is leading E. J. Edwards, Democrat, by a small vote.

The result of the election in Maryland was in doubt early today, but Attorney General Albert C. Ritchie, the Democratic nominee for governor, was leading his Republican opponent, Harry W. Nice.

Edwin P. Morrow, Republican, was elected governor of Kentucky over Governor James D. Black, Democrat, by a large majority estimated at from 15,000 to 20,000.

The Mississippi Democratic ticket was elected in yesterday's election by a plurality of 50,000. The Socialist state candidates, which furnished the only opposition to the Democrats, are polling less than 10,000 votes.

Governor Calvin Coolidge was re-elected governor of Massachusetts by a margin of over 100,000 over his opponent, Richard H. Long, Democrat. Last election, when Long also was his opponent, he won by a plurality of 17,035.

Ohio and Kentucky, the only two states holding elections yesterday in which prohibition was a direct issue, both enrolled themselves in the army of voluntary abstinence. Ohio has voted "dry" on all four prohibition proposals submitted and the majorities will range from 75,000 to 80,000. In Kentucky it appeared that the statewide prohibition act had been carried by a large majority.

Washington, Nov. 5.—All Washington is jubilee today as results of yesterday's elections. The Republican leaders are rejoicing over the election of Coolidge as governor of Massachusetts and Morrow as governor of Kentucky. The Democratic leaders were just as happy in the apparent victory of Ritchie in Maryland and Edwards in New Jersey.

Oyster Bay, Nov. 5.—There is double cause for rejoicing at the home of Lieutenant Colonel Theodore Roosevelt today. While Roosevelt was being elected to the assembly on the Republican ticket by the largest plurality ever rolled up in Long Island, his wife gave birth to a baby boy. The child will be named Quentin after his uncle killed in air battle during the war. It was the fourth child, the others being two sons and a daughter.

New York, Nov. 5.—Gloom overhung Tammany Hall today as a result of a stinging rebuke administered by the voters at the election in the greater city. Returns showed Tammany lost two supreme court justices, one city court justice, five votes on the board of estimate, president of the borough of Manhattan and three assemblymen.

Lincoln, Nov. 5.—Returns today indicated not more than twenty non-partisan delegates were elected to the state convention which meets in Lincoln the first Monday in December.

Mrs. Alderman Improving.
Mrs. Merrill Alderman, who underwent an operation at St. Francis hospital ten days ago, has sufficiently recovered to be able to sit up a part of each day.

COMMUNICATION
County Is In Need of More Census
Enumerators

Only twenty applicants took the
examination for enumerators in your
county and eight of those were from
Maryville. We should have at least
two from each township. Will you
not appeal to the pride of your citizens,
both personally and through
your paper, to see that a sufficient
number of persons make application?
This is important to your county and
to each township. Applicants should
write a legible hand and be fairly accurate
as to figures.

We have no applicants taking the
examination from Washington, Independence,
Green, White Cloud, Grant
and Jefferson townships.

Yours truly,
JOSHUA A. GRAHAM,
Supervisor.

WOMEN AT WORK.

During the war millions of women
have been at work in vocations into
which they have never before been
called—in Munition Factories, Chemical
Works, Metal Works, Street Rail-
ways and as Ambulance Drivers, Barbers
and Elevator Girls. Undoubtedly
thousands of others have longed to
serve in this way, but because of female
distinctions, which had fastened upon
them, were not able to do so. Women
in this condition should give Lydia
E. Pinkham's Vegetable Compound a
trial and find health and strength, as
thousands of others have done.

the reunion, as several of her sons-in-
law are veterans of the Civil War.

COULDN'T WORK FOR THREE MONTHS

Is Back On the Job Now Making
More Money Than Ever
In His Life

"For the first time in fifteen years
I can sit down and eat a big beef
steak supper and go to bed afterwards
and sleep like a log all night long,"
said George Sanderson, a well known
miner, who lives at 1616 Smith St.
Peoria, Ill., the other day.

"Yes, sir, it's the honest truth," he
continued, "this Tanlac has overcome
a mighty bad case of stomach trouble
and rheumatism for me. My legs were
so badly done up with rheumatism and
ached and pained so bad that I could
not sleep at night to do any good, and
my hands were so badly drawn and
swollen I couldn't use my pick half
the time. Then, too, I suffered some-
thing awful with stomach trouble.
Every time I ate anything I would
be bloated up with gas for hours af-
terwards, and I would have the worst
cramping pains in my stomach you
ever heard of. Sometimes these cramp-
ing spells would hit me while I was
in the mine at work and I would have to
lie out and lie down somewhere until
it passed off. I finally got in such
bad shape that I had to quit my job,
and for three months I was not able
to hit a lick of work.

"I was looking over the paper one
night and I saw a statement from our
State Mine Inspector in which he
stated that Tanlac had given him re-
lief from just such troubles as I was
suffering from, and I lost no time in
getting me a bottle of this medicine.
Well, to make a long story short,
Tanlac just simply knocked my troubles
winding, and I am so well and
strong now that I am back on the
job working hard every day and mak-
ing more money than I ever did in
my life. The rheumatism is gone, and
I never have an ache or pain from
that trouble. My stomach troubles
are all over, too, and I eat three big
meals every day and don't ever suffer
afterwards. I actually believe I am
stronger now than I ever was in my
life, and you would think so, too, if
you could see the tone of coal I pile
up every day. Tanlac is a real medi-
cine, and you can rely on me to boost
it every chance I have."

"Tanlac is sold in Maryville by
Koch Pharmacy, in Conception Junction
by A. M. Colly, in Pickering by
H. M. Lincoln, in Burlington Junction
by Coester Pharmacy, in Barnard by
Bear Drug Co., in Elmo by King Drug
Co., in Clearmont by Dr. W. H. Wiley,
in Ravenwood by C. A. Shank, in Ar-
koe by Rufus E. Smith, in Hopkins by
Hopkins Drugs Co., and in Parnell by
P. L. Hart."

Be Let It Grow After That.

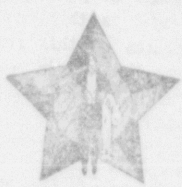

Counellsville, Pa., Nov. 5.—Colonel
James J. Barnhart, who served in the
Civil War, has an unusually long and
flowing beard. He confessed recently
why he had allowed it to grow. The
colonel said his last shave was in At-
lanta during Sherman's march to the
sea. When the Georgia barber charged
him \$4,000 in Confederate money
for the work he swore that he never
again would touch a razor to his cheek
and he never did.

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the
result of Dr. Edwards' determination
not to treat liver and bowel complaints
with calomel. For 17 years he used
these tablets (a vegetable compound
mixed with olive oil) in his private
practice with great success.

They do all the good that calomel
does but have no bad after effects. No
pains, no griping, no injury to the
gums or danger from acid foods—yet
they stimulate the liver and bowels.
Take Dr. Edwards' Olive Tablets
when you feel "lousy" and "heavy."
Note how they clear clouded brain and
perk up the spirits. 10c and 25c a box.

LAWYERS SAID TO OPPOSE WORKERS' COMPENSATION LAW

Those Interested in Damage Suits
Charged With Seeking Refer-
endum on the Act

St. Louis, Nov. 5.—Charges that law-
yers who make a practice of work-
men's damage suits for injuries
had donated large sums to fight the
workmen's compensation law, were
made at the hearing of the suit to en-
join the secretary of state from call-
ing a referendum election on the law,
which, according to reports from Jeffer-
son City, may not become effective
on Saturday, as scheduled, because of
the referendum petitions. The refer-
endum is the weapon, it was charged,
at the hearings, with which lawyers,
as well as a number of physicians, are
fighting the law. The hearings are
being held before Special Master in
Chancery A. T. Dumm, for the Cole
county court. The suit was brought
by the prosecuting attorney of Cole
county.

Edward W. Foristel, a lawyer, ac-
cording to the testimony of W. H.
Douglas, of the law firm of Bartley
& Douglas, was the largest contribu-
tor to the fund with which to fight
the law. Douglas testified that Foris-
tel donated \$1,400. Douglas admitted
giving \$1,000 himself.

R. T. Wood of Springfield, president
of the Missouri Federation of Labor,
testified that in his belief 95 per cent
of the union men in the state favored
the law as passed by the state legis-

Married in Odd Ceremony.

Pittsburgh, Nov. 5.—Dr. William
Windsor, phrenologist and widely
known locally as the "man who is
different," was married the other day
and like everything else, conventions
had to go. About the only thing in
common with other weddings was a
ceremony and an ordained minister
to tie the knot. The ritual of the
wedding omitted all the promises and
leaned toward compliments. It was
a double ring ceremony, the bride first
presenting the groom with a ring, at
the same time praising his "courage,
truthfulness and grace." In return,
the groom credited his bride with four
virtues—"naturalness, purity, justice
and beauty." When asked why "love,
honor and obey" were omitted, the
doctor answered with a snort: "Why
bother with promises? Rats!"

Criticism and Citizenship

It is the plain, public duty of every
citizen to criticize proposed govern-
ment measures believed to be harmful.

Swift & Company is in a better po-
sition perhaps, than others, to under-
stand the meat packing business in all
its relations to public and private inter-
ests, even though the others may have
been giving the subject a great deal of
sincere attention.

Swift & Company is convinced that
interference with its legitimate business
function by governmental agencies,
however well intentioned, would be an
injury to every man, woman and
child who wants meat to eat, as well
as to the men who raise the meat and
to those who dress and distribute it.

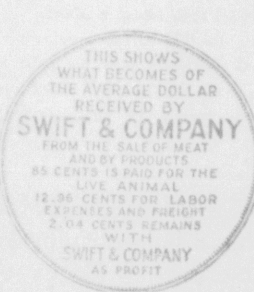

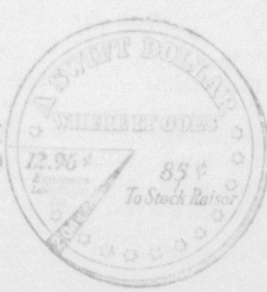

Maximum service that cannot
monopolize because of keen competi-
tion and lack of control over sources
of supply is furnished at a minimum
of profit—a fraction of a cent per
pound from all sources.

Therefore Swift & Company is
taking every legitimate step of citizen-
ship to prevent such interference.

These advertisements are intended
to help you, and to help Congress
decide what is best to be done. Mis-
takes are costly and apt to be harmful
in these trying times.

Let us send you a Swift "Dollar."

WAR VETERANS FIRST ASSEMBLY

AMERICAN LEGION CONVENTION
AT MINNEAPOLIS NOV. 10-12

OVER 3,000 TO ATTEND

Marshal Foch Stated to Be in Attendance; City Making Great Preparations

Minneapolis, Nov. 5.—On the basis of latest membership reports from national headquarters of the American Legion in New York the delegates to the first national convention of the Legion, to be held in Minneapolis November 10, 11 and 12, will number around the 3,000 mark. They will represent approximately 1,000,000 veterans of the great war. Hundreds and even thousands of persons other than delegates are expected to attend the convention and already appeals are being sent out to Minneapolitans to open their homes to these visiting ex-soldiers during the gathering.

Marshal Foch, the supreme commander of the allied forces, is slated to be in attendance particularly on November 11, the anniversary of the signing of the armistice, when there will be a gala celebration. In the event of Marshal Foch's inability to be present, Legion officials have been assured that he will be represented by General Petain or some other distinguished French military officer.

Something for every delegate and visitor to do every minute of the time is the basis on which the entertainment committee is working out the convention program. Colonel Fred B. Wells, chairman, is probably the bus-

test man in the city, but he promises to have everything hiked into shape with true military precision when November 10 rolls around.

The Civic and Commerce Association also is taking a particularly active part in the preparations. In the first place, the association will present to every visiting delegate a medal bearing the official insignia of the Legion in blue enamel and bronze, surmounted by a bronze eagle and the insignia of the land and water forces. In addition, the association is assisting in the planning of the November 11 celebration and in obtaining accommodations for visitors.

The constitution adopted at St. Louis provides that each state and territory and the District of Columbia shall be entitled to four delegates and to four alternates and one additional delegate and one alternate for each 1,000 paid-up memberships thirty days prior to the national convention. In addition, each state may send as delegates at large a number equal to twice the congressional representation for that state. The voting strength, however, will be equal only to the total number of delegates to which each state and territory is entitled to on the membership basis.

Considerable interest is attached to the slogan—"Policies, Not Politics"—of the American Legion, the largest war veterans' organization in history. A request recently to the Legion for an interpretation of the slogan brought forth the following reply, which indicates what its policies will be:

"While the American Legion adheres to its slogan, it conceivably will have a great deal to do with politics. The Legion was conceived, and it is being built of a business and soundness far above that. But it is going to take cognizance of what is sound practice in the political readjustment of the country. Its members are not going to wink at political flabbiness and political rottenness. Nor are they going to temporize with public or would-be-public servants whose Americanism is found tainted with suspicion.

"The word has gone out already—national headquarters sent it—to every one of the 3,000 posts urging vigorous opposition to aspirants to public office whose loyalty to America has been brought in question. The question of party affiliations is not of the slightest moment or consideration. This is entirely a matter of policy and sound practice."

NO COMPLAINT OF COAL SHORTAGE HERE, AT PRESENT

Mayor Garrett Anticipates No Trouble; No Suffering From Shortage Reported Among Residents

The city can rest easy for the present with a moderate coal supply on hand and enough at both water and light plants to keep them in operation for about a couple of weeks. In case the strike lasts longer than it is expected it will be necessary to stretch the supply on hand so as to secure the maximum benefit. Mayor Garrett is exercising the strictest economy in the use of coal, saving as much as possible and still keep the plant running on schedule.

So far there has been no complaints of coal shortage among the residents. Most of the dealers had some small amount on hand and will distribute this to the best advantage if needed.

The city water plant averages the use of three to four car load per month. A car load was received the last of last week and there was practically a car load on hand at the time.

NEW AUTO SALESROOM AND GARAGE OPEN NEXT WEEK

Dick Strong and George Sillers Start in Remodeled Martin Building on South Main

Maryville is to have a new and up-to-date automobile salesroom and garage. The Maryville Motor Company composed of Dick Strong and Geo. Sillers will be ready for business in their new location in the Martin building within the next week. Both of these men have been actively engaged for some time in the handling of Dodge Brothers Motor car and Cletas Tank-type tractor. The Martin building is being remodeled so as to give them a large front display and show room and office; the rear of the first floor and basement will be used as a storage room and service department. An expert mechanic, who will arrive next week will be in charge of their service department. They will also carry a full line of accessories and will be in a position to handle all automobile needs.

Kansas Rides Mostly.
Topeka, Kan., Nov. 5.—One car for every eight inhabitants is the record of Kansas. A total of 215,167 automobile licenses have been issued this year, while the population is announced as 1,760,273 by Secretary of State L. J. Pettijohn.

Pawnee County is the banner county, with one car for every 5.2 persons. This means that every man, woman and child in the county can be taken on an automobile ride at the same time. Stafford has a car for every 3.4 while Cheyenne County has almost the same.

Heartburn, heaviness in the stomach, bloated feeling, coated tongue, bad breath, dizziness and vertigo (blind staggers) can be quickly relieved by Prickly Ash Bitters. Men who have used it say they can eat heartily without misery, where before they tried it the most healthful food seemed to get them out of fix. Price \$1.25 per bottle. Maryville Drug Co. (Adv.)

Red Cross Thanks Boy Scouts.
The Boy Scouts who have so faithfully aided their "big brothers" in United States General Hospital No. 1, in the Bronx, New York City, are happy over a letter to them from Field Director Francis P. Nash, in which he says:

"This hospital is to close, and as the Red Cross brings its activities to an end at this post I wish to thank your organization for the splendid service you have rendered during the months of activity here.

"It would have been indeed difficult if not impossible to handle the crowd of visitors without the assistance of the Boy Scouts. They have done valiant work, not only here, but in other parts of the country as well."

Smith Hughes Club.

The Smith-Hughes vocational class of the High School has organized into a Smith-Hughes club. The officers are Evelyn Raines, president; Kathryn Sherlock, vice president; Alyce Allen, secretary; and Nellie Hall, treasurer. On Tuesday of this week the first meeting was held. After the business meeting a short program was given. An explanation of the Smith-Hughes act was given by Alyce Allen, the first of a series of hints on "Good Manners" by Helen Bohn, and a discussion of current topics by Arvilla Campbell. Refreshments of hot chocolate and sandwiches were served following the program. The girls of this club are planning to prepare a Christmas treat for the poor children of this community and will appreciate any help from those who wish to assist.

Circle No. 4.

Circle No. 4 of the Women's Auxiliary of the Baptist Church held its regular meeting last night at the home of Mrs. Gay Leeper. Devotions were led by Mrs. J. D. England, Mrs. W. A. Bailey, who was in charge of the program, talked about "The Moslem World of the Last Few Years." Mrs. England read a paper on "Women and the World War," and Mrs. W. C. Ferguson, Miss Mollie Henderson, Mrs. Kendall and Miss Lou Henderson read papers on the subject of the evening, "The Women of the Orient." The visitors for the evening were Mrs. Mary Wyatt, Mrs. Turner, Miss Florence Pickett and Mrs. Carrie Coyne of Moline, Ill., the guest of her niece, Mrs. Leeper.

Miss Matter Hostess.

Mrs. E. F. Wolfert led last night's

meeting of the Young Women's Foreign Missionary Society of the First Methodist church, which was held at the home of Miss Ruth Matter. Miss Maria Hart read "The Crusade of Compassion," the second chapter of the study book. Miss Jennie V. Fleming, a returned missionary from India, who is visiting at the home of her uncle and aunt, Mr. and Mrs. J. E. O'Neil, was a guest and gave a most interesting talk on "Mission Hospital Work in India." "The Need of Doctors in India" was discussed by Miss Kate Williams. Mrs. Arthur A. Brewer and Mrs. Marvorn Curtiss assisted Miss Matter in serving. Miss Fleming and Miss Maud Umel of St. Joseph, a student at the State Teachers College, were the guests of the evening. Three new members were received into the society.

BALLOON INVENTION BY PASTOR ACCEPTED BY NAVY

Episcopal Minister Preached On Sundays and Worked On War Machine During Week

Marblehead, Mass., Nov. 5.—The Rev. William M. Partridge, formerly pastor of St. Michael's Episcopal church here, the honor of having his type of balloon accepted by the Navy Department.

"For over a year and a half past I have been engaged in scientific work for the government. I have spent nine months in one of the navy yards outside of Massachusetts and a month in one of the aviation stations," explained this minister inventor.

"The Government is building a number of my machines as a result of my investigations. This has constituted my war work. I cannot give particulars of my work for the navy, but it is a machine which will revolutionize warfare every time."

Minister Partridge, while working at his machine preached on Sundays to the men with whom he worked during the week.

REGIONAL FUEL COMMISSION ORGANIZED

Large Quantities of Soft Coal Held at Strategic Points by Railroads Ready to be Moved

St. Louis, Nov. 5.—With the regional fuel commission organized and large quantities of soft coal held at strategic points by the railroads, ready to be moved where most needed, the machinery for the alleviating of suffering in Missouri as the result of the great coal strike, was moving smoothly this morning.

The commission, organized yesterday in the office of Regional Railway Director Bush, with P. R. Greenlaw as chairman, was preparing to portion the confiscated supply of soft coal out to those needing it most. Announcement that the railroads of the region had a plentiful supply on hand for the present resulted in a decision to supply domestic consumers, the second on the priority list, with necessary fuel. These consumers will be classified according to their needs. Commercial consumers, it was announced, must make their applications for coal to the railroad, which will make the delivery, and the applications will thus be brought to the attention of the commission.

In the meantime, the coal service bureau was publishing the maximum prices which can be charged for coal by government edict, during the strike. These prices are: Standard grade, \$5.25 to \$5.50 per ton; Mt. Olive, \$5.75; Cartersville high grade, \$6.50 to \$6.75—all bituminous coal. For anthracite the maximum retail prices are: Best grade egg, \$12.85; best grade chestnut, \$13.10.

Reports from over the state indicated that already suffering is being felt in some places as a result of the strike. St. Joseph reported that owing to the coal shortage many families, without fuel, were resorting to oil and gas stoves and that merchants had depleted their stocks of these.

TEXAS LAW AS IT WAS

The Old Judge Dealt Out Justice and Whiskey Freely

Now that prohibition is marking the passing of the bars and threatening to tame the Wild West, the old timers in Langtry, Texas, are recalling the days when Judge Roy Bean dispensed justice and redefy whiskey with a free hand in the little town. The late judge put out a shingle calling himself "The Law West of the Pecos." And in his own style, equipped with a copy of the statutes of Ohio, vintage 1885, he administered the law.

Two Mexican men and women walked into Judge Bean's court one day and informed him that they wanted a change; they wanted to swap help-meets. The judge made diligent inquiries of each of the four, found all to be of the same mind, charged each of the men \$15 and a dozen bottles of beer, and called it done.

Then there was Judge Bean's famous decision in the case of a man being tried for killing a Chinaman. The judge, after a careful search through the statutes of Ohio, couldn't find a single word against killing a Chinaman; therefore there was nothing to do but release the party who did the killing.

Likewise the story of the judge's method of disposing of the \$50 in money found in the pockets of the dead Chinaman. A six-shooter also had been found on him, so the judge fined the deceased \$50 for carrying a deadly weapon.—Kansas City Star.

Mrs. F. P. Robinson and Mrs. Fred Newlon went to St. Joseph this morning to spend the day.

LYLE ROAD CASE IN COURT TOMORROW

JURY DISAGREES IN DE WITT VS. WHITE NOTE SUIT

FIVE BOND FORFEITED

Fred Breit Ordered to Pay \$700 Bond and Costs in Fite Local Option Violation Case

The jury in the case of Thomas F. DeWitt against Lloyd White and Mary White, being a suit on a note, was unable to agree and were discharged by the court last evening. The case went to the jury at 7:45 last evening and was out a little over two hours.

The petit jurors were discharged this morning until tomorrow morning. The road case of Robert Lyle, being an appeal case from the county court, is scheduled to come to trial. This is a case where the county court ordered the widening of the road east of the Martha Washington school house and the commissioners allowed Mr. Lyle \$50 damages, the new road taking off a slice of his farm. It is understood the county court agreed to pay Mr. Lyle \$150 damages but he refused to accept it. Mr. Lyle contends the commissioners did not allow him a reasonable amount for the land that will be taken for the new road and also no compensation allowed for removing the fence back.

In the case of the State of Missouri against Page Fite and Fred A. Breit, it was ordered by the court that the plaintiff, the state of Missouri, recovered from the defendant, Breit, \$700 together with costs of suit. It is not paid within four days, an execution will be issued. Breit went on Fite's bond when the latter was arrested on a charge of violating the local option laws. Fite never appeared in court to answer to the charge and therefore, Breit has to pay the amount of the bond.

In the suit of Charles Volgamott against the Wabash, for damages, the case was continued.

The case of Edward Allen against the Wabash, damages, the cause having been settled, the plaintiff dismissed the suit.

WHERE DOES YOUR HEAT GO?

A fire on top of a stove would warm the ceiling, but we don't often walk on that part of the room.
